

Friday Night PDI - Auction and DJ

November 13, 8:30 pm - 10:00 pm

Hotel Auditorium right after the awards presentations

Plan to enjoy the Auction and DJ on Friday night. You will want to have as many VAST bucks you can collect to bid on auction items. The best way to get **VAST Bucks** is to visit the **Exhibitors Thursday** night and during the day **Friday. DJ, Ron Shaneyfelt** will entertain and challenge your POP Culture knowledge. He may provide winners with more **VAST Bucks** as he plays popular tunes.

SCIENCE AUCTION - There is seldom a better floor show for a group of science teachers than to see them bidding against each other for that one thing they could really use. The best part is that to participate, it will cost you exactly nothing. That's right – NOTHING! Besides, real money isn't good at the auction! New this year, If you bring items for the auction you will receive **VAST Bucks** for each bag of items.

Do you have a box of glassware sitting in the back of your stockroom that has only a future of collecting dust? Maybe you have an old telescope that you would love to use, if only you could find a replacement part? Wouldn't it be great to be able to trade these and other surplus bits with your fellow teachers of science, and have a good time doing it?

VAST BUCKS \$\$\$\$ Do you have VAST Bucks for the Auction?

Everybody can visit the exhibitors to receive VAST Bucks! Now mind you, it is not real money! They are VAST Bucks, good only at the auction to be held Friday night, November 18th. When else have you had the chance to burn through hundreds and thousands of other people's money?

HOW TO EARN MORE VAST BUCKS \$\$\$\$

All that you have to do to "earn" VAST Bucks is to:

Visit the exhibitors during the open hours of the Exhibit Hall Thursday night and all day Friday until Friday evening. You may need to remind Exhibitors to give you some VAST Bucks!! Don't be afraid to ask an exhibitor for VAST Bucks.

A FEW RULES TO FOLLOW FOR THE AUCTION

- First, and foremost is safety – if the item is not safe to use, consider disposing of this item another way. Please don't donate such items. On the other hand, if an item is broken and could be repaired or is useful for parts, tag it as such.
- Second, don't bring chemicals to the auction. There are just too many safety and storage issues, and besides, passing off a problem to someone else just isn't nice!
- Third, you need to make sure that if you are "buying" something, you intend to use it in the teaching of science and not selling it at your next yard sale.
- And Fourth, is permission, make sure that any item you donate is yours to donate OR that you have permission to donate the item for our auction.
- Finally, you need to make sure that anything you buy you can carry away. We don't deliver and we don't store, so if you bought it, you're taking it that evening! Do not leave it behind. If you do not want it, give it to someone else.
